### Welcome to Stangel Elementary!

Stangel Elementary School has a warm, welcoming team of staff who are committed to developing strong relationships with families and valuing each child as an individual.

At Stangel, we are focused on being a learning community, which means our students and staff are learning every day. Our goal is to know each student as a learner and meet their needs to move them forward in their learning. We work to provide our students with opportunities to practice problem-solving skills and grow to become respectful, productive members of our global community. Stangel also is the only elementary school in the Manitowoc Public School District to serve students with severe intellectual abilities.

We believe families are an important part of student success at Stangel Elementary. We appreciate family involvement in each child's education. Working together, we will accomplish so much more for our students and community. Our PTO has a strong connection to the school and supports it financially, as well as with books for classrooms, SMART Boards, iPads and engaging family activities.
